Dear Brian,

Vivos is looking for cast members for an upcoming television show.

Destiny awaits!

Over the past few years, Vivos has been approached by dozens of television, film and documentary producers all wanting to produce a show or series about Vivos and its members. Vivos is proud to announce that it has joined with [Pilgrim Studios](#) (the reality TV Production company that brought you DIRTY JOBS, GHOST HUNTERS and AMERICAN CHOPPER) to now produce a television series based on Vivos that will **give one lucky family the chance of a lifetime - a FREE Boarding Pass** to one of Vivos' virtually indestructible underground shelters.

While millions of people around the world are now preparing for a potential cataclysmic

disaster that could wipe most of mankind from the face of the Earth, there are many more that cannot afford a viable shelter solution or even the cost of ample supplies needed to maintain their family's safety. Unfortunately, most people will be left to try and ride out the predicted catastrophes in their own homes.

This television series is intended to provide at least one family with an ownership interest in a Vivos shelter equipped with all the food, fuel, water, clothing, supplies, furnishings, equipment and the combined skills of other like-minded Vivos members, all needed for the long-term survival of the extinction events that may be ahead for our planet.

If you are a member of Vivos and would like to be considered for the cast of this upcoming television series, please contact us at vivoscasting@terravivos.com. Briefly tell us about yourself, what you think are the most probable risks ahead for mankind and why you deserve a place in a Vivos bunker. Existing Vivos members with a co-ownership interest in a Vivos shelter can also apply. See note below.

Pilgrim Studios

Founded by Emmy-winning producer Craig Piligian in 1997, Pilgrim Studios has produced a breath of non-fiction television programming for Discovery, SyFy, Spike, History, National Geographic Channel, OWN and WETV. Notable series include two of Discovery's most successful and longest running series AMERICAN CHOPPER and DIRTY JOBS, television's #1 paranormal franchise GHOST HUNTERS on Syfy, 15 seasons of THE ULTIMATE FIGHTER on Spike, History's first-ever competition series TOP SHOT and best-ever first quarter launch ONLY IN AMERICA WITH LARRY THE CABLE GUY, and WETV's extremely popular MY FAIR WEDDING. This past year, Pilgrim successfully premiered several additional series including BIG SHRIMPIN' and FULL METAL JOUSTING on History, WELCOME TO SWEETIE PIE'S on Own, and WICKED TUNA on National Geographic Channel. Pilgrim is also set to launch a high-end, engineering competition show for Discovery in 2012.

Please note, if you are selected as a cast member for this television show and are awarded a Boarding Pass for your family, we will then refund any amounts paid by you for your previous purchase of a membership interest(s) in a Vivos shelter for the same cast member family. **Thus, you may secure your Vivos shelter solution now and still hope to be the lucky family that is awarded a Boarding Pass to Vivos through this television show.**

We wish you the best of luck in whatever the future may bring. Remember, it wasn't raining when Noah built the Ark.
